18th April 2026

Audit Report Weekley Parish Council

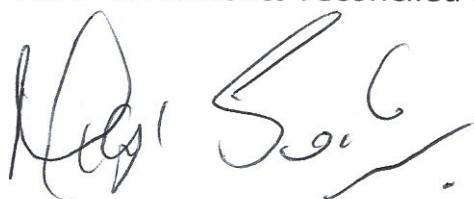

The audit of Weekley Parish Council accounts was undertaken on the 18th April 2026. All documents reviewed had been provided in e-format.

From the examined of documentation and information available on the Parish Website there were **no issues** identified.

The AGAR was signed to that effect.

Comments

Payments reference 140 to 155 had not been recorded as authorised by the parish council due to no meeting during that period. Accounts and bank statements reconciled for those transactions.
